GEORGIA HERITAGE ROOM PROGRAMS

JANUARY 2020

Tuesday, January 21, 2020 @ 10:30 am

Free Ancestry.com at Your Public Library

Third floor Computer Lab at Headquarters Library

Did you know an Augusta Public Library PINES card gives you free access to Ancestry.com? Join Georgia Room genealogist, Tina Rae Floyd, to learn how to search this vast collection of digitized records and find the ancestors you have been missing. This live tutorial will cover how to look through the various databases, mine the Learning Center to improve your research skills, and use the charts and forms available to keep your research organized. There is something for beginner and advanced researchers alike! Space is limited so be sure to call 706-826-1511 to reserve your spot!

FEBRUARY 2020

Thursday, February 6, 2020 @ 6:00 pm

Discovering Dave: Spirit Captured in Clay

Library Auditorium Room B

In February of 2014, the Augusta-Richmond County Public Library was honored to screen the documentary, *Discovering Dave: Spirit Captured in Clay*, based on the life of enslaved Edgefield potter, David Drake. The film tells the story of a discovery made in 2006 when archaeologists from Savannah River Archaeological Research Program unearthed several shards of alkaline-glazed stoneware from a 1950s era archaeological site within the boundaries of SRS. Each fragment was painstakingly fitted together until the entire pot was reassembled, revealing Dave's signature etched in the clay. The discovery inspired archaeologist, George Wingard to begin researching David Drake's life, which culminated, with the assistance of filmmaker Mark Albertin, in the making of the film. Since its screening at the Augusta Public Library in 2014, *Discovering Dave* has won multiple film awards all across the United States. In honor of Black History Month, please join us on Thursday, February 6th at 6:00 pm in the auditorium of Headquarters Library as we once again screen the film.

MARCH 2020

Thursday, March 26, 2020 @ 2:30 pm

Stand Up and Be Counted: A History of the United States Census and its Importance to Family History Research

Library Auditorium Room B

2020 is a census year, and marks the twenty-fourth United States Census taken since it was mandated by the U.S. Constitution in 1790. Census numbers are integral in determining how billions of dollars in federal funding are allocated to states and communities each year, and also necessary to figure out state congressional seats.

United States
Census
2020

Lesser known is the significance of census records to genealogists. When searching for information about ancestors who lived in the United States, census records should be one of the first sources used. Census records can help researchers reconstruct entire family groups interesting details and stories that help you better understand their lives. Join the Georgia Room staff as they give a brief historical overview of the U.S. Federal Census, and discuss how to use the records to further your family history research.

HEADQUARTERS BRANCH CHILDREN'S PROGRAMS ONGOING

Mondays @ 10:30 am
