COVID-19 AND THE AUGUSTA LIBRARY

To help prevent the further spread of COVID-19 in our communities, all Augusta-Richmond County Public Library System locations are closed to the public until further notice. Our closings will impact program dates that are listed in the spring quarterly. We ask that you visit our online calendars and social media pages to stay up to date current on when the library will reopen. We understand this is a challenging and difficult time for all of us who are going through this. Our library is committed to the safety, health, and well-being of our staff and patrons. This is and always will be our number one priority. We will continue to evaluate the current situation and look forward to opening our doors again in the near future.

No fines will accrue during the closed dates. Due dates on library materials will be extended. Pick up deadlines for materials on hold will be extended.

Don't forget! The Augusta Richmond County Public Library System offers many digital services including: access to downloadable e-Books and Audiobooks, the Augusta Chronicle Archives, GALILEO databases, Gale Testing and Education Center, and more! Access these at www.arcpls.org.
